

Health & Safety Policy Statement

BRE Group is the pre-eminent centre for research in the built environment within the United Kingdom, with much of our core business concerned with helping others to improve their safety performance.

Our safety vision is – A working life without accidents.

Our operations and activities are managed in a manner that aims to eliminate or reduce to a minimum, the risks to the health safety and welfare of our employees, visitors and contractors.

Our health & safety policy is to:

- comply with all relevant legislation
- continually improve our safety performance
- make health and safety an integral part of our business success.

The BRE Group Board are responsible for implementing the Policy.

This will be achieved by:

- working to a system aligned with HSG 65, BS8800 and ISO 9001
- setting goals and action plans to ensure continuous improvement in our safety performance
- training our employees to achieve and maintain high standards of health and safety performance
- encouraging the use of new technologies and processes to facilitate the effective management of health and safety
- communicating openly with staff, customers, suppliers and contractors on health safety and welfare issues.

The foundation for our success is based on our core values:

- health and safety is everyone's responsibility
- health and safety is integral to everything we do
- health and safety is integral to the success of our business
- nothing is worth getting hurt for.
