

Assessor Training Course BREEAM Industrial

breeam:industrial

Training Dates

Please check for availability and booking closes one week before the course start date. Numbers on each course are limited and so early booking is advised.

<u>Planned Course Dates:</u>	<u>Venue:</u>	<u>Version:</u>
30th Sept–2nd Oct 2008	BRE, Garston, Watford	2008
25th–27th Nov 2008	BRE, Garston, Watford	2008

Who Should Attend? Those interested in

- designing or specifying buildings for low environmental impact
- delivering BREEAM environmental assessments, and
- satisfying professional CPD requirements and gaining a recognised qualification at the same time.

Course Content and Duration

The course duration is three (3) days. Days 1 & 2 provide a foundation for all non domestic BREEAM schemes and covers

- a brief introduction to sustainable construction
- meeting environmental needs with BREEAM
- the technical aspects common to all non domestic BREEAM schemes
- the assessment process and support structures in place for the scheme and assessors

The third day focuses on the technical aspects and drivers of a specific BREEAM scheme. The format of the 3 days is a mixture of presentations and interactive workshops.

Exam & Test Assessment

Please note that if you are wishing to become a qualified and licensed BREEAM Industrial assessor you will require certification against the Competent Persons Scheme. This is provided by BRE Global. For certification you will need to complete a two-stage examination comprising of (i) an examination taken under controlled classroom conditions (at the end of the Scheme Specific Top up day) and (ii) a test assessment (completed after the course) which is submitted to BRE. The application for Certification against the Competent Persons Scheme is then completed after you have successfully passed the two-stage examination. Please note that it is a requirement that once qualified your organisation must hold a BREEAM licence agreement in order to carry out BREEAM assessments. A copy of the BREEAM Licence Terms and Conditions are available from the BREEAM Office.

Where are the Courses Held?

At BRE, Garston, Watford unless otherwise stated above. Course dates are given above, on the BREEAM website www.bre.co.uk/events and from the BREEAM Office. Courses can be held in other locations if there is sufficient demand and appropriate facilities (contact the BREEAM Office for details).

Course Fee

The fee includes all material including the BREEAM Industrial Assessor Manual. All candidates completing the course receive a CPD certificate.

- The price of the three (3) day course is £1125 plus VAT (excluding the Exam & Test Assessment at a further £350 plus VAT)
- The price for attending the 3rd day (scheme specific top up day) only is £725 plus VAT (includes Test Assessment fee) - *To qualify to attend only the 3rd Day (Scheme Specific) of the course you must have previously attended a Non-Domestic BREEAM assessor training course (within the last 18 months) or be a licensed assessor for any other non-domestic BREEAM scheme.*

Lunch and refreshments are included in the price.
